Living Classroom Evaluation Tracking Tool: For PSW Education Partners

What is the purpose of this tool?

This tool provides:

- A list of evaluation metrics that may be asked to education institution partners by the Living Classroom team within required mid-year and year-end narrative reports and evaluation surveys.

How do I use this tool?

- Use this optional tool to track metrics for each PSW cohort your Living Classroom program runs.
- Tracking these metrics as cohorts run may help you when completing required Living Classroom reporting and evaluation surveys. Please note that this tracker does not provide an exhaustive list of all reporting questions that may be asked.
- These metrics may also help you with your own program evaluation. For other Key Performance Indicators (KPI) that may be helpful to track for independent program evaluation, see KPI resource.
